

COMPANY PRESENTATION

STAR CONFERENCE 2018

MILAN, MARCH 27-28

 **BIESSE**GROUP

Disclaimer

- ✓ This presentation has been prepared by Biesse S.p.A. for information purposes only and for use in presentations of the Group's results and strategies.
- ✓ For further details on the Biesse S.p.A. reference should be made to publicly available information, including the Quarterly Reports, the Half Annual Report, the Annual Reports and the Three Years Business Plan.
- ✓ Statements contained in this presentation, particularly the ones regarding any Biesse S.p.A. possible or assumed future performance, (business plan) are or may be forward looking statements and in this respect they involve some risks and uncertainties.
- ✓ Any reference to past performance of the Biesse S.p.A. shall not be taken as an indication of future performance.
- ✓ This document does not constitute an offer or invitation to purchase or subscribe for any shares and no part of it shall form the basis of or be relied upon in connection with any contract or commitment whatsoever.
- ✓ By attending the presentation you agree to be bound by the foregoing terms.

Biesse Group is a global leader in the technology for processing wood, glass, stone, advanced materials and metal. Founded in Pesaro in 1969 by Giancarlo Selci, the company has been listed on the Italian Stock Exchange (Star) since June 2001. Starting from October 2015 Biesse is included in the Mid-Cap segment.

OUR PURPOSE

"...back when we were simply producing machines,
I was talking with a dear friend, and realised that the rough, imprecise way he was
working was ineffective, and above all, dangerous to his personal safety.
At that moment, I recognised a need for change, and immediately understood that
we could do something - we could introduce innovative new ways of working, automate
processes, and above all, create safer working conditions.

A new kind of machine was about to be born".

A handwritten signature in white ink, reading "Giancarlo Seb". The signature is written in a cursive, flowing style.

Founder and CEO

OUR BELIEFS

We believe in **challenging standards**, in thinking forward and in acting differently.

Creating advanced technologies and beautifully-designed solutions is the key to **transforming** our beliefs into **real value**.

IN

1

Industrial Group

5

Business Divisions

12

Production Sites

We manufacture machines and components for wood, glass, stone, advanced materials and metal processing through specialised business units and 12 manufacturing sites in Italy and worldwide.

HOW

Growing investments in R&D have enabled us to create technological **solutions** that have simplified the management of CNC machines, improving our customers' processes **revolutionizing market standards.**

More than

200

Patents registered

WHERE

We support our colleagues everywhere in the world, using the most **advanced management, sales and support system**. Our global network enables us to be always close to our customers.

39

Subsidiaries and
representative offices

More than

300

Selected distributors

WITH

Customers in 120 Countries.

Manufacturers of furniture, design items and door/window frames, producers of elements for the building, nautical and aerospace industries.

More than **4,000** employees throughout the world (*temporary workers included*) are our **Human Capital Value**

OUR VALUES

- 1.1 WHO WE ARE
- 1.2 OUR VALUES
- 1.3 BUSINESS MODEL

- INNOVATION
- RELIABILITY
- EXCELLENCE

INNOVATION IS OUR DRIVING FORCE

Innovation is the driving force for the way we do business, continuously striving for excellence to support our customers' competitiveness.

Innovation is hard-wired in our DNA.
Past, present and future.

RELIABILITY

Our main principles:

- Fairness to all stakeholders
- Mutual trust and transparency
- Unrestricted and clear communications
- Sharing of knowledge and experience

EXCELLENCE

 BIESSEGROUP

Our Values

- A virtuous circle of excellence
- for a constant growth

New Customer Experiences

IIOT - SOPHIA

IoT Biesse Service Pack

- Priority service and extended coverage
- Continuous connection with the Biesse control center
- Direct monitoring of machine performance through a dedicated app
- Analysis of machine downtime, remote diagnostics and fault prevention
- On-site functional checks and technical inspections within the warranty period
- Proactive call after machine downtime notification
- Extended hours for service coverage from 8 to 12 hours per day

SOPHIA IS STILL EVOLVING

S  **PHIA**

SERVICES

Biesse supports its customers, offering technological connectivity, sharing of expertise, professional consulting services, training and ongoing assistance.

PREDICTIVE

SOPHIA helps to prevent problems that could damage customer production. Biesse takes proactive steps to contact customers, reducing machine downtime and inefficient wasted time.

ANALYSIS

The information gathered and analysed is transformed into useful indications for optimising customer production and product quality, providing extremely opportunities for growth.

TO ACHIEVE GREAT RESULTS

Route to new Services

With its new IIOT platform, Biesse is transforming itself from product-oriented manufacturer to a **digital business** offering to its customers value added services

NET SALES

€/mln

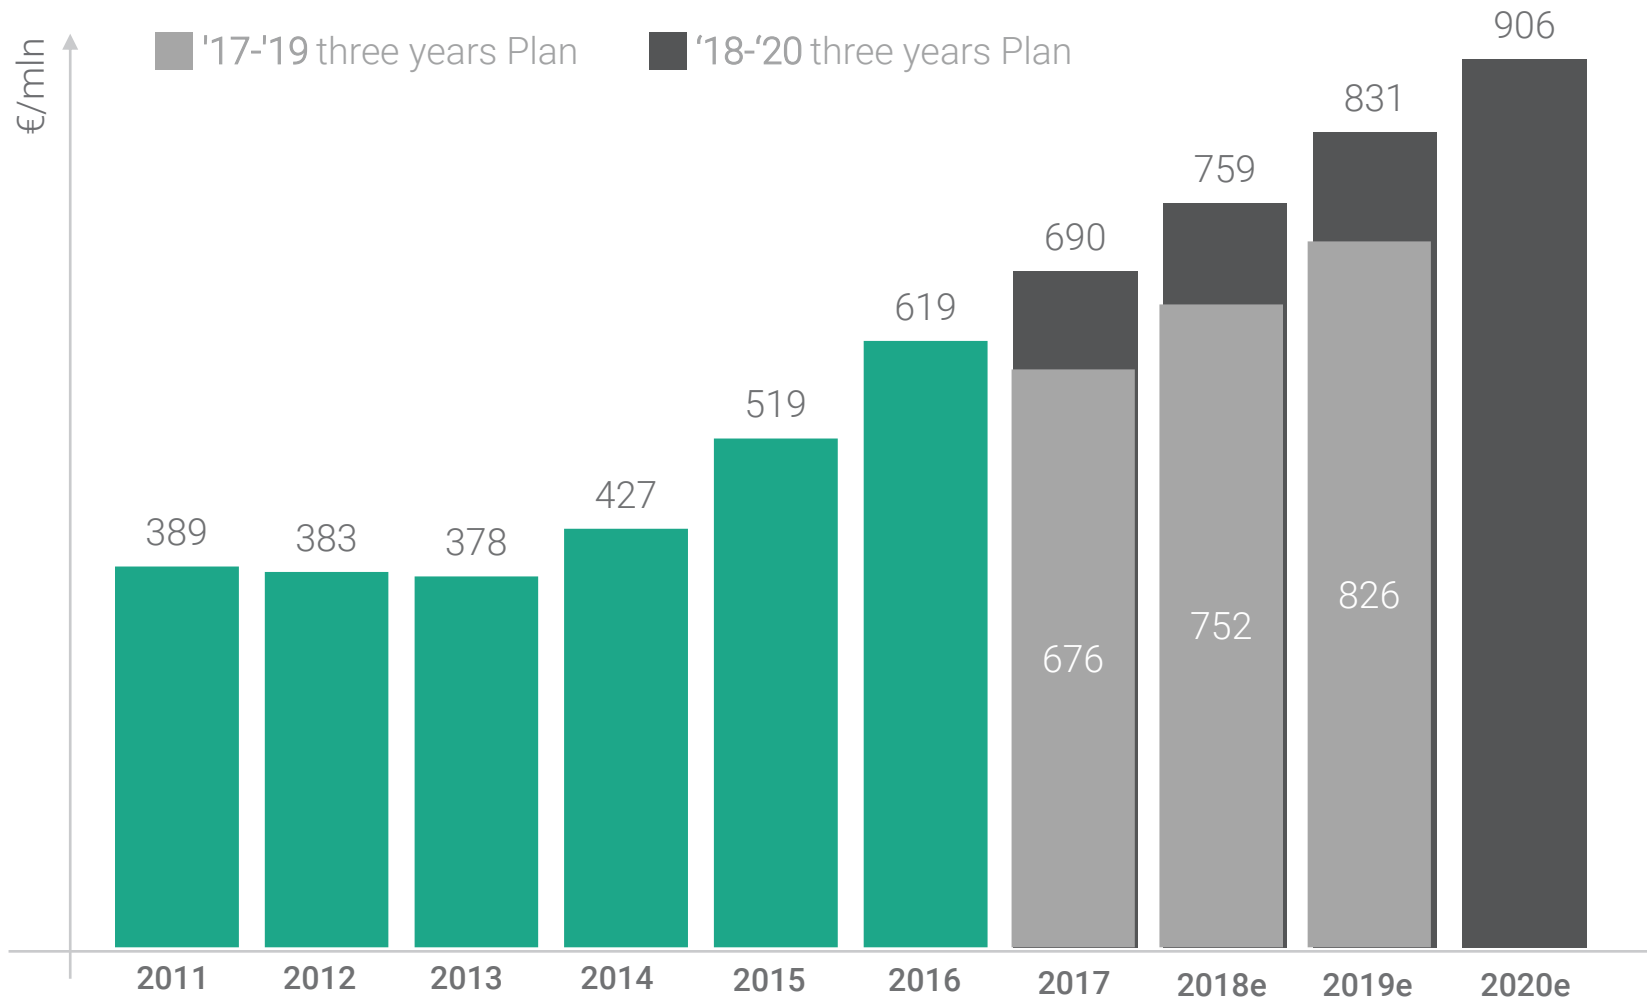

Continuing to pursue an **organic growth**.

- ✓ **Increasing our sales force.** subsidiaries, agents and distributors **worldwide**
- ✓ Growing **not only in the woodworking** machine sector, but also in the areas of glass, stone, mechatronics and advanced materials especially considering the after-sales services
- ✓ Continuing to **diversify into new sectors:** advanced materials and metal working through the mechatronics division especially

NET SALES

the "old" and the "new one"

Confirming the growth growth path to consolidate our **leadership**

- ✓ In 2017 **we went beyond our targets**, anticipating plan execution
- ✓ We yearn to achieve **higher targets in 2020** leveraging on our strategy: more products, more solutions, more customers

EBITDA

Generation of value.

- ✓ **Decreasing incidence of COGS** on Net Sales through world production optimization and efficiency
- ✓ Maintaining **Labour Cost** incidence on Net Sales **below 30%**
- ✓ Maintaining **Overhead** incidence on Net Sales **below 20%**

NET FINANCIAL POSITION

Positive cash flow.

- ✓ Starting point: huge, **positive Net Financial Position** at the end of 2017
- ✓ Continuing to invest in **R&D around 1.5% of Net Sales (capitalized) – effective 4%**
- ✓ **Cash Flow** finances the projected increasing CAPEX to support our growth forecast
- ✓ Already paid yearly **dividends** (since 2014 for four years) for a total amount of > € 34 mln - projected dividend policy 30% of the expected Group net profit

OPERATIVE NET WORKING CAPITAL

control our Operating Net Working Capital.

- ✓ Maintaining **Operating Net Working Capital** incidence on Net Sales **below 9-10%**
- ✓ Maintaining our Group **inventories** below **22%** incidence on Net Sales
- ✓ Maintaining our Group **DSO** around **50 -55 days max**
- ✓ Maintaining our Group **DPO** around **110-120 days**

CAPEX*

*potential growth strategy through M&A not included

continue our growth path through investments.

2018e

tangible: € 27.4mln

intangible: € 17.6mln

main investments drivers:

- ✓ **Indian** investment in durable goods
- ✓ **Uniteam** improvement of the production plant
- ✓ **Mechatronics** Italian plant (HSD S.p.A.) components production machines
- ✓ **Metal Working** (internal phase): improvement of the components production
- ✓ **I.T.:** digital factory – PLM & CRM – Oracle Subsidiaries implementation
- ✓ **R&D constant investment.** Around 1.5% on net sales every year

CAPEX: TANGIBLES

- ✓ **Indian** Manufacturing durable goods investments to meet the projected productive expansion improving the quality

- ✓ **Housing** (Uniteam Wood Division): improvement production plant – durable goods investments ,

continue our growth path
through investments

TANGIBLE ASSETS

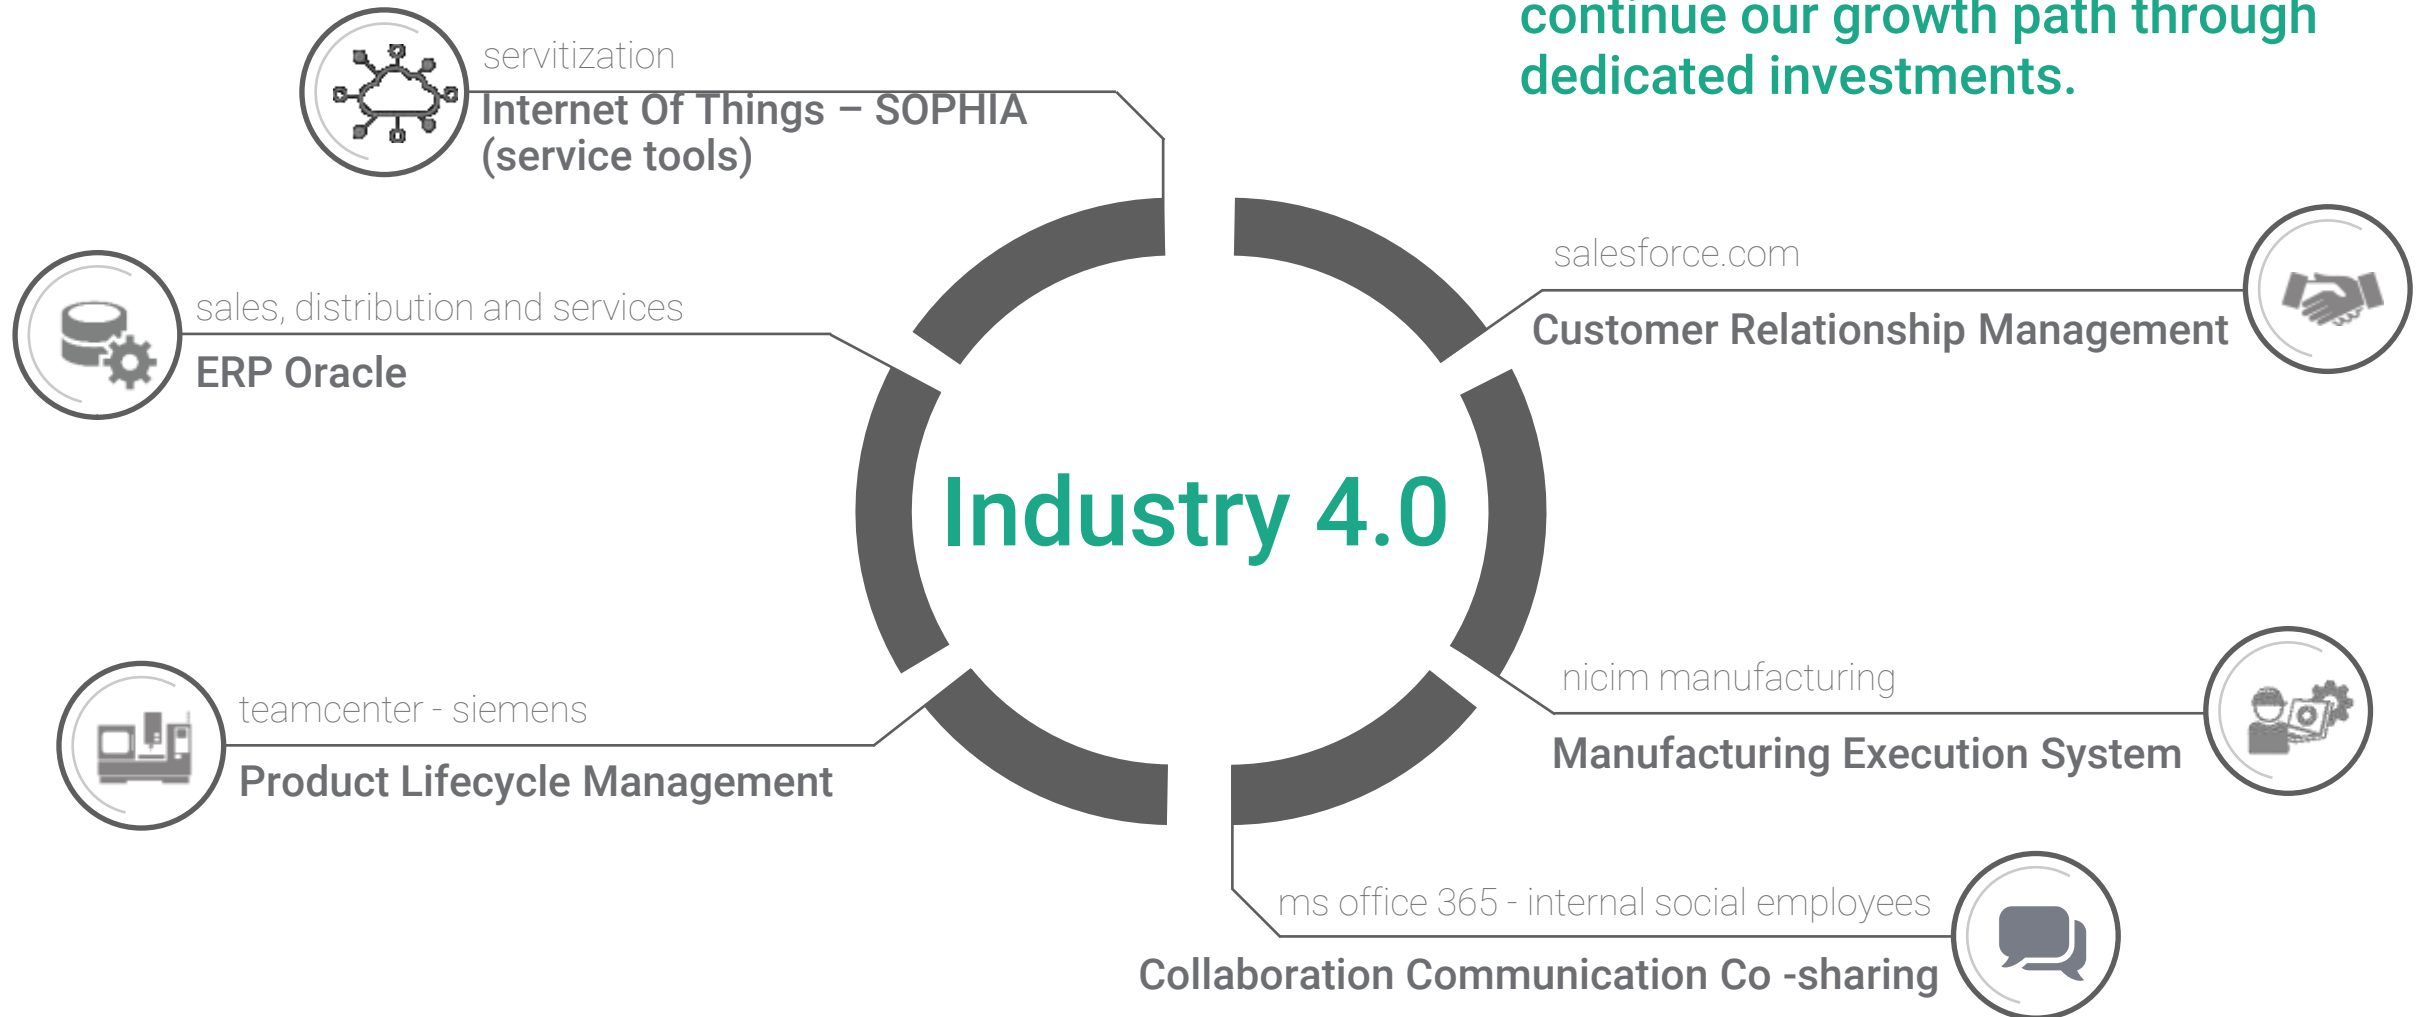

- ✓ **Mechatronics** Italian plant (HSD S.p.A.) components production machines (rotary tables) and production plant

- ✓ **Metal working** (internal phase): improvement of the components production – durable goods investments ,

CAPEX: INTANGIBLES

continue our growth path through
dedicated investments.

ASSOCIATIONS (WOOD/MACHINERIES)

“

«During the year that has just ended, we saw an increase in production of 11.6% with a strong impact of the domestic sector (+13%).

With regard to the expectations for 2018, Acimall anticipates a prudent growth between **3-5%**. Conditioned, as ever, by the results of the planned policies of incentivisation».

Italian woodworking machineries
& tools manufacturers association

“

«Excellent results for the year 2017 with a global increase for the production of 10.1%. This result has been mainly due by the uptrend in the domestic market (+ 13.8%) that is therefore beating the pre-crisis level. The expectations for the 2018 are for a general increase of **8.2%** still mainly driven and supported by the incentives (fiscals and economics) and the Industry 4.0 development».

Italian machines tools, robots and
automation manufactures association

“

«The woodworking machinery production totally rised again in 2017specially with the domestic market overlapping (+20%) the export portion (+12%). The expectations for the 2018 are still positive with a general 3% growth rate. In particular the woodworking segment is seen growing with a **8%** rate.».
